

Doctor of Professional Studies

Program Overview

Welcome to the City University of Paris Online Doctor of Professional Study. This curriculum is designed to equip students with the advanced skills and knowledge necessary for effective management and leadership in today's dynamic global business environment. Our program combines theoretical insights with practical applications, ensuring graduates are well-prepared for a range of management roles.

The Doctor of Professional Studies (DPS) at the City University of Paris is an advanced, research-based degree designed for experienced professionals aiming to deepen their expertise and leadership skills in their respective fields. This program focuses on applied research, integrating theoretical frameworks with practical, real-world applications. The DPS program is tailored to accommodate the busy schedules of working professionals, offering flexible learning options and personalized mentorship.

Program Duration and Structure

- **Duration:** 3-4 years (part-time)
- **Credits:** 60 Credits
- **Delivery Mode:** Online with periodic in-person residencies
- **Language:** English

The program is structured to provide flexibility for working professionals, enabling them to balance their studies with their careers.

Key Features

- **Flexible Online Learning:** Study at your own pace with 24/7 access to course materials.
- **Applied Research Focus:** Emphasis on solving real-world problems through applied research projects.
- **Expert Faculty:** Learn from industry leaders and renowned academics.
- **Interdisciplinary Approach:** Engage with diverse disciplines to broaden your perspective and skill set.
- **Professional Networking:** Opportunities to connect with peers, mentors, and industry professionals.

Core Courses

- 1. Research Proposal Development (6 credits):**
Focus on developing a detailed research proposal including problem identification, research questions, objectives, and methodology.
 - 2. Literature Review and Synthesis (6 credits):**
In-depth review and synthesis of relevant literature to establish a theoretical framework and context for the research.
 - 3. Research Methodology and Design (6 credits):**
Study qualitative and quantitative research methods, research design, and ethical considerations.
 - 4. Data Collection and Analysis (6 credits):**
Techniques and tools for effective data collection and analysis, including statistical methods and software applications.
 - 5. Academic Writing and Publication Skills (6 credits):**
Develop advanced academic writing skills and strategies for publishing research in peer-reviewed journals.
 - 6. Doctoral Seminar (8 credits):**
Engage in seminars that cover advanced topics in professional studies, facilitate peer discussions, and provide opportunities for presenting research progress.
 - 7. Applied Doctoral Dissertation (22 credits):**
Conduct a comprehensive research project addressing a real-world problem in your professional field, culminating in a dissertation that contributes to professional practice.
-

Learning Outcomes

Upon completion of the program, graduates will be able to:

- **Conduct Advanced Research:** Design and execute rigorous research projects that contribute to professional knowledge and practice.
- **Lead and Manage Change:** Implement effective leadership and change management strategies in diverse organizational settings.
- **Develop Strategic Initiatives:** Formulate and execute strategies that drive organizational success.
- **Innovate and Drive Growth:** Apply innovative thinking and entrepreneurial skills to create new business opportunities.
- **Navigate the Global Landscape:** Understand and respond to the complexities of the global business environment.
